Saturday, September 2nd kicked off the Ellie Adler Swimming Races without a hitch. The morning started off cold but the weather warmed up. After, the swimming races we went to Green Harbor Beach to start the beach events. The conditions on the beach posed a major problem, however, we did not let the awful pink seaweed stop us. The running races, three-legged race, family egg toss and toddler treasurer hunt all went off well. At the end of the events we all enjoyed the annual cookout with hot dogs and hamburgers.

Sunday, September 3rd, the rain held off enough for the Annual Costume Parade and Peter Igo Memorial running race. Congratulations to all the trophy winners.

The Green Harbor Beach Association (greenharborbeach.org) has about 400 pictures from this weekend's events posted on the website. You will most likely find yourself and loved ones as you scroll through the pictures. The pictures are compliments of Caroline Howlett.

Please consider volunteering in the future to keep the Green Harbor Association active in this community. We do not want this important community event that has been running for three generations to end due to lack of volunteers. We need your involvement. Please reach out to us with any questions.
